Subject: Amended Notice of Intention to Conduct Large Mining Operations and Approval of Transfer of Notice of Intention to Conduct Large Mining Operations, Geneva Rock Products, Inc., Pelican Point Quarry, M/049/011, Task # 1415, Utah County, Utah

Dear Mr. Christofferson:

Approval of the transfer between Cable Mountain, LLC and Geneva Rock Products, Inc. occurred February 27, 2007. As required per the limitation and conditions of the transfer, a reclamation contract and surety have been executed and received Division approval. **The past, present and future reclamation liability of this mining operation has been transferred to Geneva Rock Products, Inc.**

However, the amended notice of Intention to Conduct Large Mining Operations must be modified to show current ownership and control information. This amendment clarified and updated the mining and reclamation plan for the Pelican Point Quarry, and increased the disturbed acreage to 72.1 acres. If you would like to expedite the approval of this amendment, please provide two clean copies of the amended Notice, making sure that references to the 'operator' correctly identifies Geneva Rock Products, Inc. and not 'Rockwell' or 'Cable Mountain, LLC'. The mine name should refer to 'Pelican Point Quarry.' Please provide these copies by April 1, 2007.

A copy of the executed transfer, reclamation contract and surety, Attachment A, are enclosed for your files. Geneva Rock Products, Inc. is now bound by the terms and conditions contained in the Notice of Intention as amended, M/049/011.
